Invest in Germany GmbH is the official inward investment promotion agency of Germany and is wholly owned and financed by the Federal Ministry of Economics and Technology.

Invest in Germany's headquarters are in Berlin with representative offices in Chicago, San Francisco, Tokyo and Shanghai.

The organisation's mandate is to market the business and investment location Germany to investors and provide information and assistance regarding the legal and corporate investment framework in Germany.

In addition to this Invest in Germany is the primary contact for all companies and organizations with an interest in the business and investment location Germany.

How you can benefit from our support:

- Introduction to economic advantages and business opportunities in Germany
- Provision of detailed information about macroeconomic data, the legal and corporate framework in Germany and sector specific information
- Information and advice on setting up a business in Germany
- We connect investors with business development networks and the regional economic development authorities: they assist in locating suitable sites, R&D, applications for investment incentives and search for qualified human resources.
